Age: 6-0 to 18-11 Testing time: 45 to 60 Minutes Administration: Individual pragmatic language test-2 (TOPL-2) extends the initial test for an even more in-depth and comprehensive analysis of social communication in context. Its four main uses include: identifying individuals with pragmatic language deficits, identifying individual strengths and weaknesses, documenting human progress and learning pragmatic language skills. This updated edition addresses reviewers of the problem with the previous edition, adding and improving important components such as: Pragmatic Assessment - focuses on the student's ability to monitor and evaluate the effectiveness of the response to address the social problem of the situation. Detailed IEP' - addresses students with emotional disabilities, learning disabilities, behavioral problems, asperger's spectrum disorders, language disorders, attention deficit hyperactivity disorder, and depression and anxiety disorders. Clinical interpreted structure - allows the test user to see at first glance which components of the model are relevant to each element. Extended standards provide an assessment for all school-age students under the age of 18-11, allowing older students to use a pragmatic language. Colour Picture Prompts - helps students to evaluate, clarity and interest in easy-to-use easel formats. Verbal cues - more accurately reflects the environment of children and adolescents. Comprehensive Assessment Guide - identifies the components that measure each response, with multiple correct/wrong response samples designed for use by speech therapists, educators, educators, mental health professionals, and other special education professionals. The full TOPL-2 kit includes: Examiner's Guide, Picture Book, 25 Examiner Record Booklets for Ages 6-7, 25 Examiner Record Booklets for Ages 8-18, all in a sturdy storage box. Evaluation forms are available using product code 52318 and Examiner Booklets are product codes 54747 and 54748. We always strive to maintain a modest supply of products. If you want to order multiple evaluation forms or write form packages, this is possible. If we don't have enough in stock to fulfill your order, we order specifically for you. It will take about 6-8 weeks. We can also bring through air transportation that will take about 1-2 weeks for additional expenses, which will vary depending on weight, volume, etc. Please contact our sales team if you want to get a quote from air travel. Any goods ordered in this way are not refundable. To purchase this resource, please download our purchase tool evaluation form and agreement, which is available here or contact our sales team, you want it to be emailed or sent to a post to you. We need to maintain proper test security to protect professionals and end users, and so it is important for us, as distributors, to prevent the sale or disclosure of tests and ratings ratings who are not trained to use them. Authors: Diana Phelps-Terasaki, EdD/Tricia Phelps-Gunn, MA Pragmatic Language Ages 6-0 through 18-11 Individual Administration Norm-Referenced-qualification Level B Description Of the Pragmatic language used socially and in conflict resolution, includes an understanding of WHAT and WHY something has been said, as well as an understanding of visual signals and linguistic abstractions. TOPL-2 focuses on the student's ability to accurately interpret the situation. This new edition provides critical updates: new color image cues, more accurate verbal cues, a clinical interpretation structure that classifies elements to the theoretical model, a comprehensive scoring guide, and advanced norms through age 18. Administration and Scoring The TOPL-2 was designed to be individually managed by speech pathologists, school and clinical psychologists, consultants and special education professionals. The test can be completed in 45-60 minutes. Raw scores, percentages, standard scores and age equivalents are provided. 62 Age: 6-0 to 18-11 Testing Time: 45 to 60 Minutes Administration: Individual evaluates social communication in context, telling you how well students listen, choose relevant content, express feelings, make requests, and handle other aspects of pragmatic language. Allows you to assess the effectiveness and relevance of the pragmatic language skills of a student with six main tests: Physical Setting Audience Topic Purpose (speech acts) Visual-gestural cues Abstraction This updated edition addresses reviewers of the problem with the previous edition, adding and improving important components such as: Pragmatic Assessment - focuses on the student's ability to monitor and evaluate the effectiveness of the response. Detailed IEP' addresses students with emotional disabilities, learning disabilities, behavioral problems, asperger's spectrum disorders, language disorders, attention deficit hyperactivity disorder, and depression and anxiety disorders. Includes goals, goals and monitoring of progress. Clinically interpreted structure - allows the test user to see at first glance which components of the model are relevant to each element. Extended standards provide an assessment for all school-age students under the age of 18-11, allowing older students to use a pragmatic language. Further analysis of the relationship between behavioral problems and pragmatic difficulties. Color Picture Prompts - helps in assessing, clarity and students' interest in easy-to-use easel formats. The contents of the image have also been updated to better reflect the environment of children and adolescents. Verbal cues - reflecting more accurately the environment of children and teens. Comprehensive scoring guide - indicates the components that each The full kit includes an examiner's guide, Picture Book, 25 Examiner Record Booklets for 6-7, 25 Examiner Record Booklets for ages 8-18, all in a sturdy storage box. Pragmatic Language Test (TOPL-2) Second edition Of Dian A Phelps-Telasaki and Tricia Phelps-Ganne Age: 6-0 to 18-11 Years Testing Time: 45 to 60 Minutes Administration: Individual The Test of Pragmatic Language-2 (TOPL-2) expands the initial test for an even more in-depth and comprehensive analysis of social communication in context. Its four main uses include: identifying individuals with a shortage of pragmatic languages definition of individual strengths and weaknesses documenting a person's progress learning pragmatic language skills. This updated edition addresses the problems of reviewers with the previous edition, adding and improving important components such as: Pragmatic Assessment, which focuses on the student's ability to monitor and evaluate the effectiveness of the response to address a social problem. Detailed IEP' - addresses students with emotional disabilities, learning disabilities, behavioral problems, asperger's spectrum disorders, language disorders, attention deficit hyperactivity disorder, and depression and anxiety disorders. Includes goals, goals and progress monitoring. Clinically interpreted structure - allows the test user to see at first glance which components of the model are relevant to each element. Extended standards provide an assessment for all school-age students under the age of 18-11, allowing older students to use a pragmatic language. It further explores the relationship between behavioural problems and pragmatic difficulties. Color Picture Prompts - helps in assessing, clarity and students' interest in easy-to-use easel formats. The contents of the image have also been updated to better reflect the environment of children and adolescents. Comprehensive Assessment Guide - identifies the components that measure each response, with several correct/incorrect sample responses. This test was originally developed for use by speech therapists. However, with an ever-increasing emphasis on social skills and conflict resolution in students, the TOPL-2 test provides important information for all team members: school psychologists, counselors, clinical psychologists and special education professionals. These diverse team members are currently using TOPL-2 as part of full individual evaluation and planning programs, and have been part of THE TOPL-2 and norming.
